Subject: Pending Matter - UEL Connections

John,

Here's a heads up. We have a case that started with the Iran Unit, made its way to RFU, and now I looks like it's headed your way based on some possible UEL connections.

It's a long story. Talk to Kenny Corthell for the background (or read the attached). The agency/CTC has established a possible UEL connection based on info provided by the French [REDACTED]. The name provided by the French, Ibn Khateb, is linked to UEL.

Call me if you have any questions and hopefully this will come your way.

Harry
